Hi Kenneth,

As I mentioned in our phone, thank you for being a partner to Councilwoman's Rodriguez in trying to address quality of life issues. I will be reaching out to Officer Chacon to receive more info regarding vehicles parking over night. Although, the suggestion for no loitering signs is not feasible, our office will continue to work with our city partners to find other ways to address or mitigate the issue at the 405 freeway and Plummer St.

I did reach out to the City Attorney's office and the three citations that were handed out last month are currently under review.

If you have any further questions please let me know.

Hi Kenneth,

Thank you for reaching out to our office. I've cc'ed my colleague Juan Solorio who covers the North Hills area. You can also reach him by calling our Sylmar District Office at 818-756-8409.

Best,
Olivia

"I am writing, once again, to request assistance in getting the underpass of the 405 freeway at Plummer Street in North Hills cleared of the homeless encampment. Periodically, the City cleans up the area but the encampment returns within a hour or so. My neighborhood is plagued with mailboxes being pried open, thefts from cars, garages and sheds. We have had hoses turned on and pulled out to the street then left on. to run into the street. I cannot put outgoing mail in my box for pick up, rather I take everything to the post office. I have had to put locks on my hose faucets, all gates and move my cars into my back yard every night. I am a disabled veteran who uses a wheeled mobility chair and have had to use the street, not the sidewalk, to make my way through the underpass. Additionally, our neighborhood watch, working with the senior lead officer at Mission Station, has been trying to get

“No Stopping” signs posted to help with the overnight camper parking. These campers are filled with people who move from place to place, littering, taking up the sidewalks with lawn chairs and dumping their gray water tanks into the street. Last year there was a murder in the underpass which makes me very uncomfortable trying to get through it as I have many doctor appointments just on the other side at the V.A. Sepulveda. I have owned my house for 37 years, served my country in the Army, worked at the same job for 45 years, I pay my taxes and am actively involved in trying to improve conditions in my community, yet I am unable to get anything done about these encampments either as an individual or as a member of the neighborhood watch. Please, could you help in this matter? I would appreciate if someone from your office would contact me. Thank You.
